For 27 years, Women in Aerospace (WIA) has been dedicated to expanding women's opportunities for leadership and increasing their visibility in the aerospace community, both in the U.S. and internationally.

- *Networking:* Formal and informal discussions and interaction with leading aerospace professionals from government, academia and the private sector.
- *Programming:* Access to and participation in high-quality programs and events featuring topics of critical importance to the aerospace industry.
- *Professional Development:* Practical, substantive guidance and insight coupled with direct contact with leading industry players to facilitate professional growth and development at all stages of a career.
- *Recognition of Technical and Community Accomplishments:* A forum to recognize and showcase outstanding women in the aerospace industry for their leadership and achievement.
- *Career Resources:* Job banks, mentoring relationships, career building workshops and other events aimed at providing opportunities for aerospace professionals to expand their career options.
