Dear WIA Members,

We are thrilled to announce that this year WIA celebrates its 30th Anniversary!

For thirty years, our organization has provided exceptional programs and conferences to develop the skills of our members, expand our networks and create an impactful future for our industry.

Giovanna M. Cinelli, Chair

As your incoming Chair, I feel honored to work with you to move WIA's mission forward and bring our accomplishments to new heights. With an experienced and talented board of directors, an exceptionally strong membership base, and the support of the aerospace community, WIA will continue to launch innovative programs and development opportunities.

Continuing WIA's powerful legacy, our 2015 calendar holds events with a wide array of themes relevant to industry, government and academic professionals. We have an extraordinary lineup planned and look forward to seeing you at a number of these extraordinary events!

I look forward to the year ahead. Together we will make our 30th year compelling, memorable and groundbreaking!

Best regards,
Giovanna M. Cinelli
Chair
